CLEAN AND CARE INSTRUCTIONS

- Do not dispose of any packaging contents until assembly is completed to avoid accidentally discarding hardware or components.
- Place all hardware and components atop a soft, carpeted and/or padded surface area to protect the product and your property during assembly.
- Tighten screws and components every three (3) to six (6) months.
- Over time, air and sunlight may change the colour of the fabric (fading). To prevent fading, avoid placing the bed in direct sunlight.

EXCHANGE AND RETURNS

- If you are not entirely satisfied with your purchase, we will gladly accept a return of a brand new - unopened and unassembled - product within 30 days of receipt of your delivery. The unopened and unassembled item must be in its original condition and packaging. Refunds will be processed in the original form of payment. Returns are subject to delivery and/or restocking fees.

WARRANTY

Thank you for purchasing your new Noa product. We hold ourselves to the highest standards of product quality and are confident you'll be pleased with your purchase. All products are carefully inspected prior to shipment. Our products carry a one (1) year warranty covering manufacturing defects. The warranty applies to household use only of our products. The product warranty does not cover normal wear and tear, scratches, discoloration, misuse, shrinkage or abusive wear.

PLEASE NOTE: If you notice that your product or its individual components are damaged upon unboxing, please notify us in writing by email at support@noahome.com within three (3) days of receipt of your delivery. In order to process a replacement part request, we will require photos of the damaged component(s) ***BEFORE*** they have been used for assembly. Claims made after three (3) days of receipt of delivery are subject to fees.

*****IMPORTANT***:** All claims relating to damaged components and products must be made **BEFORE** assembly of the product.

COMPLETE OVERVIEW

STEP 1

Secure the metal bracket plates (A) using the Allen key (I) and screws (G) to both side rails of the bed (6x), the footboard (2x) and headboard (1x). This step must be completed nine times (9x).

STEP 2

Secure the L brackets (D) to both side rails (M and N) near the angled side. These L brackets (D) will secure both side rails to the footboard (L).

STEP 3

Secure metal plates B to the side rails M (left) and N (right) using screws G.

STEP 4

Connect the side rails (M and N) to the headboard (O) by securing plates B using screws G.

STEP 5

Connect the side rails (M and N) to the footboard (L) by securing plates D using screws G.

STEP 6

Flip entire bed frame structure onto one of its sides (requires 2 persons).
Secure all four corner legs C using screws G.

STEP 7

Position parts K between the support slat structures P (left side) and Q (right side) - one at the top and the other at the bottom. Connect support slat structures P and Q by pushing them towards one another (parts K should now be inserted within P and Q).

STEP 8

Connect both slat structures P and Q by securing screws F and washers H through the threading of parts K previously inserted into the metal frame.

STEP 9

Secure the six (6) support slat legs J using screws E.

STEP 10

Position the support slat structure within the bed frame. This step requires two (2) persons.
